Privacy Policy

South Slave Divisional Education Council

We understand how important privacy is to you and your family, which is why we are committed to creating a safe and secure on-line experience that family members of all ages can enjoy. As a public educational organization, our goal is to provide resources that educate, inform and interest patrons to our services.

The First Nations Storybook App is offered in three versions – Chipewyan, Dene Yatie (Slavey) and Bush Cree. Each application features a collection of interactive books published and approved by the editorial board of the South Slave Divisional Education Council. Each book is published in one of these three Indigenous Languages. The applications are intended to support children and families interested in learning and using their Indigenous Language.

This privacy policy governs your use of the software application First Nations Storybook ("Application") for mobile devices that was created by the South Slave Divisional Education Council. It describes how we use, share and protect information that we collect from you and your child through the use of our non-commercial application.

Children's Privacy

We are committed to protecting the privacy needs of children and we encourage parents and guardians to take an active role in their children's online activities and interests. Our applications are fully COPPA compliant, and the South Slave Divisional Education Council does not knowingly collect information from children or families using our applications.

The Application is offered at no cost to patrons of our services. As a free application, there is no registration information collected at sign-up. All patrons are free to download and use all books contained within the app without the need to disclose any personal information.

Automatically Collected Information

The Application does require synchronization with the user's google account and as such may collect certain information automatically including, but not limited to, the type of mobile device you use, your mobile devices unique device ID, the IP address of your mobile device, your mobile operating system and information about the way you use the Application.

This Application does not collect information about the location of your mobile device nor store any information collected when the Application is downloaded or opened.

Our Application never displays third party ads.

Changes to This Privacy Policy

We may update our Privacy Policy from time to time. Thus, you are advised to review this page periodically for any changes. We will notify you of any changes by posting the new Privacy Policy on this page. These changes are effective immediately after they are posted on this page.
